PROFESSIONAL SUMMARY

MCA candidate with practical experience in client-oriented website delivery, WordPress development, technical documentation, and collaborative project workflows. Translates requirements into responsive interface updates, coordinates implementation, resolves issues, and checks quality. Interested in project coordination, requirement analysis, task tracking, and timely delivery with technical and non-technical stakeholders.

EXPERIENCE

WEB DESIGN INTERN · POHO · 2 MONTHS
- Customized WordPress websites to client requirements, content structure, page layouts, and responsive behavior.
- Turned change requests into implementation tasks and coordinated updates with team members through delivery.
- Reviewed pages across screen sizes, resolved visual inconsistencies, and refined UI/UX and expected behavior.
- Supported documentation, issue resolution, quality checks, and timely implementation of requested changes.

SELECTED PROJECTS

SANA / ECHO · LOCAL VOICE ASSISTANT · PYTHON, FASTER WHISPER, OLLAMA, REACT, ELECTRON
Built a voice-driven assistant prototype with speech transcription, local language-model responses, desktop actions, local preference memory, and a live dashboard.

ROADTRIP · iOS GROUP-RIDING APP · SWIFTUI, FIREBASE FIRESTORE, CORE LOCATION, MAPKIT
Implemented ride creation, code-based joining, six-rider group workflows, Firestore synchronization, and a map-based foundation for sharing rider locations.

STANFORD DOG BREED RECOGNITION · PYTORCH, RESNET-18
Built a fine-grained image classifier across 120 breeds; the published project reports 66.08% top-1 accuracy.

MODELBENCH · PYTHON, PANDAS, SCIKIT-LEARN
Created leakage-aware tabular model comparisons with reproducible holdout evaluation and portable reports.

EDUCATION & CERTIFICATION

MASTER OF COMPUTER APPLICATIONS (MCA) · MIT WORLD PEACE UNIVERSITY, PUNE · PURSUING
BACHELOR OF COMPUTER APPLICATIONS (BCA) · LNCT COLLEGE, BHOPAL
Embedded Systems Bootcamp · Robonauts India

SKILLS

Programming: Python, Java, C++, JavaScript, SQL · Web: HTML, CSS, WordPress, Django, Flask, Next.js
Data & AI: Pandas, scikit-learn, NLP, TF-IDF, regression, classification, generative AI
Databases & APIs: MySQL, Microsoft SQL Server, FastAPI, REST APIs · Cloud: AWS, Azure
Analytics & tools: Power BI, DAX, Excel, Git, Xcode, Streamlit, Microsoft Office · Mobile: Swift, SwiftUI, iOS

CORE COMPETENCIES

Project coordination · Requirement analysis · Task and deliverable tracking · Client and stakeholder communication · Team collaboration · Documentation and reporting · Quality assurance · Issue resolution · Time management
